PEARY GETS MEDAL FROM BRITISH SCIENTISTS

LONDON, May 4.—Commander R. E. Peary was acclaimed tonight by the members of the Royal Geographical Society as the first and the only man who had ever stood at the North Pole. The American explorer was present as the guest of the society, being presented with a gold medal and the endorsement of the members.

The meeting was a most enthusiastic one. Peary being cheered by the British scientists when he arose to respond to the presentation speech of the president.

No direct reference was made to the claims of Dr. Cook, but the repeated reference to the guest of honor as the "first and only" man to reach the pole showed that the pretensions of the faker found no one to give them credence in the Royal Geographical Society.

MANY SENATORS BUY SEATS.

CHICAGO, May 4.—That fifty per cent. of the members of the United States Senate secure their election through bribery, practically purchasing their seats, is the opinion of former Senator Mason, expressed today, who sees no reason for surprise in the fact that Senator Lorimer had to buy the votes of some members of the Illinois Legislature in the recent Senatorial contest.

Senator Mason is a member of the law firm of Mason & Mason of Chicago. He was in public life from 1879 until 1903, serving in the Illinois Legislature—the House of Representatives and Senate; being in the latter body from 1897 until 1903. He is a Republican.

LABOR UNIONS TO HAVE PARTY.

ST. LOUIS, May 4.—A conference of delegates from the various labor unions represented in the American Federation of Labor and from the farmer unions of the country is being planned, the object being to see if the unions can not unite in a great political party, independent of the existing political organizations.

The combined membership of the unions in view is over three millions, which would make the party one of the strongest independent parties ever organized in America.

HARRIMAN'S DAUGHTER WILL WED.

BUFFALO, May 4.—The engagement of Charles Ramsey, the sculptor, to Miss May Harriman, the daughter of the late E. H. Harriman, the railroad magnate, which was announced today in New York, has been confirmed by his family here. Miss Harriman, who is generally referred to as "May," is the heiress to the Harriman estate, which was left to her mother.

CAN NOT AGREE ON REFEREE.

SAN FRANCISCO, May 4.—The principals and their managers in the coming fight for the championship of the world, between Jeffries and Johnson, are unable to agree on a referee for the event. The meeting today to choose the ring official ended in a deadlock. Another meeting has been arranged for May 16.

SENATE PASSES PENSION BILL.

WASHINGTON, D. C., May 4.—The Senate today passed the pension bill, which appropriates one hundred and fifty-five million dollars. This is approximately six millions less than the appropriation bill for the present year carries, but is nearly ten millions more than was appropriated for the pension bill of 1908.

FIRE DESTROYS FACTORY IN KANSAS CITY.

KANSAS CITY, May 4.—Peet Brothers' manufacturing plant was destroyed by fire today, the loss being estimated at one and a half million dollars.

Chicago can never abolish long, Mr. Binks (in art museum)—I shoe horns, says the Washington didn't know you were such an ad-post. Don't know, considering that mixer of curios, Mrs. Blunderby, there is the shovel to fall back upon Mrs. Blunderby—Oh, yes, indeed; I as a very sizeable substitute.—Rich—Just delight in iniquities.—Boston Mond News Leader. Transcript.

SPRING SUITS

We are ever careful not to overlook the needs of men who effect clothes designed along conservative lines, but who, nevertheless, demand a certain portion of smartness and a world of absolutely good tailoring. In the standard sack we have a garment which, while complying with the demands of the quiet dresser in general outline, has broad, handsome shoulders, a perfect neck, and is made from either subdued or sprightly fabrics.
